The screenshot shows the NCBI Entrez Protein search results page for the query "NMB1506". The browser window is titled "Entrez-Protein - Microsoft Internet Explorer". The address bar shows the URL "http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?cmd=Protein". The search results are displayed in a table with four entries, each showing the protein name, description, and accession number. The table has columns for "Display", "Summary", "Save", "Text", "Clip", and "Add". The search results are sorted by "Relevance" and show "Items 1-4 of 4".

Display	Summary	Save	Text	Clip	Add
1	<a href="#">Q9JYM8</a> Arginyl-tRNA synthetase (Arginine--tRNA ligase) (ArgRS) gi23822209 sp Q9JYM8 SYR_NEIMB 23822209				
2	<a href="#">NP_274514</a> arginyl-tRNA synthetase [Neisseria meningitidis MC58] gi15677359 ref NP_274514.1 [15677359]				
3	<a href="#">F81075</a> arginyl-tRNA synthetase NMB1506 [imported] - Neisseria meningitidis (group B strain MD58) gi11271722 pir F81075[11271722]				
4	<a href="#">AAF41862</a> arginyl-tRNA synthetase [Neisseria meningitidis MC58] gi7226749 gb AAF41862.1 [7226749]
